

APW-35

Immersion Cleaning Adds Speed and Efficiency to Your Business

The APW-35 is a total immersion solvent-based parts washer that will tackle your toughest job. Constructed with the same high-quality craftsmanship Clarus Technologies is known for, the APW-35 is easy to use with many automated features that save time and money. Simply load parts into the gridded basket, choose a cycle duration from the touch screen panel and walk away! A high degree of cleanliness is achieved in a shorter amount of time with no handling or scrubbing.
